## **New Book Release: Chiron: The Wisdom of a Deeply Open Heart**

Author Adam Gainsburg releases his third publication *Chiron: The Wisdom of a Deeply Open Heart*, September 29-October 1, 2006 at Awakenings Bookstore in Laguna Hills, California. This weekend celebration includes a Friday evening lecture and book signing; Saturday features *The Broke-Open Heart: the Evolution of Separation* for those ready to take the next leap of consciousness; and Sunday Gainsburg presents the *Breath of the Soul* a powerful breath practice for multidimensional awareness.

*Chiron: The Wisdom of a Deeply Open Heart* presents a thorough examination of the psychological, mythological and evolutionary meanings in the symbol of Chiron based in Gainsburg's extensive clinical experience working with individuals and couples. He lays out the Chironic landscape of the Soul by examining the origin of the 'sacred wound,' the psyche's defenses and emotional reality of the wound resurfacing later in life, and how the wound becomes our 'sacred medicine' or our unique and embodied wisdom. Most notable is Gainsburg's original method of effectively interpreting Chiron's polarity position within an evolution of consciousness framework.

This book is recommended especially for those who have reached the awareness that their next leap in consciousness is in fact predicated on their next surrender of ego story. The greater the ability to surrender oneself to the truth, the deeper one's realization of truth will be.
