Sacred Marriage Astrology Evolves!

For a body of work that centers on the concept of soul evolution, it was inevitable that it too would evolve! Sacred Marriage Astrology, created by Adam Gainsburg as an astrological approach to navigating the soul's desire has matured into its next phase as **Soulsign—*Igniting Heart, Embodying Soul***. Soulsign was formed to provide an inter-disciplinary architecture for nothing short of remembering your destiny. It is exclusively focused on catalyzing direct awakening of yourself as Soul.

With the August 23, 2006 launch of the new web site www.Soulsign.com comes a comprehensive, thought-provoking, and exciting tool for soul seekers. Soulsign includes not only astrology but information and classes on sound and crystal healing as well. The extensive web site provides information on private sessions, teaching programs, articles, events and news and the new membership program. Products such as SoulAlchemy Essences and Gainsburg's books *The Soul's Desire for Wholeness*, and *The Soul's Desire & the Evolution of Identity*, and the forthcoming *Chiron, Evolving the Wound into Medicine* are available on-line as well.

This new body of work offers a full range of soul-related activities while providing a cohesive community feeling. Visit and remember *your* destiny!
